

Dear Valued Customers,

Invitation to Exhibition

TOKYO PACK 2026 (TOKYO INTERNATIONAL
PACKAGING EXHIBITION 2026)

Dear Sir/Madam,

We hope this letter finds your company prosperous and thriving in this early autumn season. We are pleased to announce that we will be exhibiting at the aforementioned exhibition to demonstrate and display our latest products. Despite your busy schedule, we cordially invite you to take this opportunity to visit our booth.

Sincerely,

Dates: October 14 (Wed) – 16 (Fri), 2026 / 10:00 – 17:00 (JST)
Venue: Tokyo Big Sight, East Hall 7, Booth No.7I01
Exhibition Content
MSQ-2003
**Inline 100% Pinhole Inspection System
for Packaging Containers**

Ensures food safety and peace of mind using highly demanded technology for package integrity. We will feature a live demonstration inspecting packaged rice using automated testing ideal for production line integration.

MSP series
**Container Closure Integrity Testing System
for Pharmaceutical Packaging**

Testing equipment designed to verify the seal integrity of packaging containers. Target items include injectable containers, vials, eye drop bottles, pouches, ampoules, bottles, tubes, etc. We will demonstrate a quantitative, non-destructive (dry) testing method.

HDA-0100
Portable Hydrogen Leak Detector

A handheld model capable of high-sensitivity measurements. Compact and lightweight for high portability, running on battery power (up to 8 hours of continuous operation). We will demonstrate testing using the sniffer method.

Visitor Information

Pre-registration is required for this exhibition. Prior to your visit, please complete the free advance registration via the URL below or by scanning the QR code on the right:
